Holes and perforations

Holes and perforations can be placed anywhere in the table or worktop as long as there is a minimum distance of 6cm between the edge of the hole/perforation and the edge of the worktop. Holes with finished edges in terrazzo available from 150€/£. Perforations available from 70€/£, with a minimum diameter of 1cm.

Edge thickness 30 to 80 mm

Edge profiles

- Larger edge profiles provide more resistance to chipping
- All edge profiles can be applied to top and bottom edges
- E1 profile will be applied as standard profile on unfinished edges
